HAVE YOU HEARD...

Who is eligible to participate in Leadership Watertown and how are they selected?

Any person in the Watertown area and possessing an interest in the objectives of Leadership Watertown is eligible to participate.

What is the program format of Leadership Watertown?

Leadership Watertown is divided into two segments:

Class Time - Monthly book discussions, speakers, demonstrations, and tours have been tailored, by the Leadership Watertown Board of Directors (Leadership BOD), to help familiarize you with many facets of the community. Class orientation includes a very popular and memorable team building obstacle course. Every effort will be made to offer accommodations, but there is a physical component to the class in which students will be asked to participate.

Team Project - The team(s) will work on a community service project, as determined by the Leadership BOD. The team(s) will have some class time to work on projects and may find it necessary to communicate outside of class. The project will require some fundraising on the part of the class. The Leadership BOD and chamber staff are available as resources during the entire project planning and project implementation process.

What does the program cost?

Tuition is \$500.00 per participant for chamber members and \$800.00 for non-chamber members, which includes class day continental breakfast and lunch, speaker fees, orientation and graduation expenses.

What if I find I'm unable to participate in Leadership Watertown after my tuition is paid?

Tuition may be refunded to a participant who notifies the Leadership BOD of their inability to participate before the first class session. Tuition refunds for any other reason shall be determined on a case-by-case basis by the Leadership BOD in accordance with the program's refund policy.

What are the time requirements of Leadership Watertown?

Participants will attend eight (8) sessions from September to May, typically held on the second Wednesday of each month. The May session is reserved for project work, and the best time for this session will be determined later in the year. The culminating event is a graduation program in June.

What if I am unsure if I can commit to attending all Leadership Watertown sessions?

As a Leadership Watertown student, your attendance and participation are critical to your success, and affect the success of other students as well as the program itself. If you have doubt whether you can fully commit to the program, we ask that you consider participating at a later time, when your schedule allows.

What does Graduation Day consist of?

On graduation day students discuss their project with peers, employers, Chamber Board Members, and other interested parties, giving a brief summary of what they learned from being a part of Leadership Watertown. The graduation event is typically held from 3:00pm to 6:00pm. In addition, a guest speaker will be featured, and refreshments will be served.

What is required to graduate from Leadership Watertown?

All participants of the program are required to attend 100% of class sessions as described in the Leadership Watertown application. Participants are also expected to commit to all outside project meetings as determined by their project team. If a student misses any class or project time, the Leadership Board will determine whether he/she fulfills the requirements for graduation.

What happens after graduation?

Attendance/Participation is meant to develop your personal leadership and project management skills for the benefit of your employer as well as for personal endeavors. In addition, it is our hope that after graduation, participants are aware of volunteer opportunities in the city. An option to serve on the Leadership Board is open to those wishing to continue their association with Leadership Watertown.
