

Fanny P. Lewis Park Beautification Project

Watertown Leadership Class of 2026

Project Overview

The Fanny P. Lewis Beautification Project aims to revitalize and enhance the community park to create a welcoming and sustainable outdoor space for residents and visitors. The initiative focuses on improving landscaping, adding recreational features, and promoting environmental stewardship through community involvement and local partnerships.

Project Goals

- Restore and maintain green spaces with new plants and trees
- Paint and restore the existing gazebo
- Bubbler “water fountain” installation with dog accessible station
- Encourage community and visitor usage
- Signage - historical facts and sponsorship dedication

Community Impact

- **Environmental Benefits:** Increased tree canopy, improved air quality, and enhanced biodiversity
- **Economic Benefits:** Improved aesthetics and amenities, increase resident and visitor utilization

How to Get Involved

Organizations, businesses, and individuals can contribute through financial sponsorships, in-kind donations, or volunteer participation. Every contribution supports the shared goal of creating a vibrant, sustainable park for all.

LEADERSHIP WATERTOWN

WATERTOWN
Area Chamber of Commerce
CONNECTING THE BUSINESS COMMUNITY SINCE 1928

Sponsorship Opportunities – Sponsorships help fund materials, labor, and ongoing maintenance. Each sponsorship level includes recognition and promotional benefits. **Seeking to raise \$15,000**
