OUR STORY

THIRTY YEARS OF HISTORY

Thirty years ago we set out to provide quality dance education to the youth of our community. Along the way we have grown in size and heart. We are bold storytellers. We believe that creativity is at the core of being change makers. We strive to be passionate and humble performers and creators. We have equal respect for our history as we do for our future. We have found ourselves through losing ourselves in the service of our family unit. We believe that our oldest set the standard for hard-work and character development for our youngest. We start out as students and end up teachers. We know that today's trials are tomorrow's triumphs and that together we can achieve more than any one of us alone. We believe if it doesn't challenge us it doesn't change us. We are a multi-generational dance family connected by bridges built by our love and respect of traditions. Family first- dancers second.

Same us,
new look!

A crown is something that started through the design process through the design process started to show up when we were working with the letter W. The 'W' designs started to look more and more like a crown, so we were drawn to that emblem.

A crown is timeless symbol that signifies honor, strength and tradition.

@wbrdanceteam

The Stars.

Sue was passionate about having stars remain a part of the new branding because of the previous logo.

Did you know...the first Watertown Blue Revue uniform had a star on it??

whats in a name?

The Details

Linnea wanted the logo to feel like their past while also representing the evolution of the program.

It's intentional that the letters "wbr" close the circle, and each initial relies on and builds on the letter before it.

The B could be seen as a 3 and that is also intentional in the design.

CURRICULUM HIGHLIGHTS

TECHNIQUE DEVELOPMENT

We work on fundamentals in ballet, jazz, kick and hip hop to create well rounded dancers. We also provide our dancers with instruction in tumbling and gymnastics.

CONSISTENT LEARNING APPROACHES

All of our instructors have been dancers in our program. As a result they understand the importance of creating a nurturing environment that is in line with our values as a organization.

TEAM VALUES

We teach the importance of team development and help youth understand how they can be a integral part of their teams success both on and off the dance floor.

EXPERT TRAINING

We pride ourselves in bringing training opportunities to our dancers through relationships with outside choreographers and instructors throughout the country.

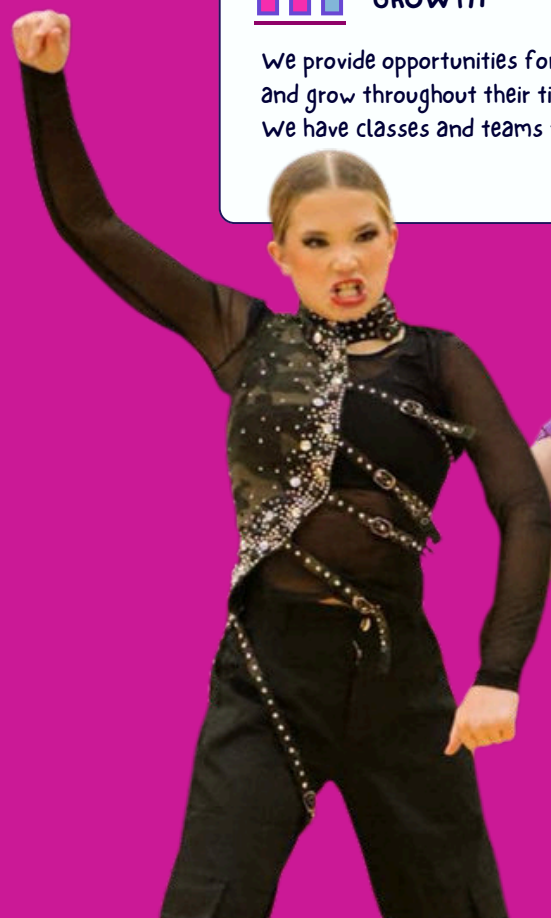

OPPORTUNITIES FOR GROWTH

We provide opportunities for dancers to compete and grow throughout their time in our program. We have classes and teams for kids ages 3 to 18.

COMMUNITY AND SERVICE

Learning extends beyond dance and into our community. These experiences teach our dancers about empathy and responsibility and community stewardship.
